A most cowardly and brutal assault was committed on the 6th inst. by some French sailors on the retinue of a Chinese official. The verdict was that the deceased had been kicked by French sailors, but that he was sick before, and that when he fell on the ground after being kicked, "his heart was closed," and this was the cause of his death. The kicking eight in all—to deliberate upon the subject. alone was not the cause of death. The mother of the deceased objected to the verdict and said she would appeal to her relatives in Foochew, to request the inquest to be held over again. The coroner's doctor said he was quite willing that this should be done as he was sure that his opinion was correct.

answer I can give is that the consumption of this Whiskey in the Club has GREATLY INCREASED since it has been supplied by your firm. There can be no doubt whatever about the Whiskey being MOST EXCEL-LENT. It is Old and Soft, and I may safely say that it is much approved by the Members.

It has come to the knowledge of the Shippers of the "CARLTON" WHISKIES, that the empty Bottles have been dishonestly refilled with the poisonous trash very often sold in China under the name of Whiskey, this is therefore to caution consumers to CAREFULLY EXAMINE the CORKS and CAPSULES to see they have not been tampered with; also that the Corks, Capsules, and Labels are branded with their Trade Mark.
